Foreword

This policy must be adopted by all school governing bodies on a yearly basis together with education service staff ensuring they have read and understand their discharging and reporting duties within Section 175 of the Education Act 2002 and Section 3 of the Social Services and Well-being (Wales) Act 2014.

Safeguarding must remain a priority for all staff remaining vigilant and aware that children can be vulnerable to exploitation and harm in their communities, on-line and at home.

A vulnerable child is one who has been identified as being at greater risk of experiencing harm or those who are at risk of achieving poor outcomes in their life experiences.

Belonging, Engaging, and Participation Guidance Welsh Government Guidance 293/2023

<https://www.gov.wales/improving-school-attendance-easy-read>

The guidance is aimed at maintained schools, PRUs, EOTAS settings, parents/carers and local authorities. It is a practical document for leaders, teachers and other practitioners which sets out the approaches and resources that can be used by schools, PRUs and EOTAS settings to help ensure high levels of learner engagement and attendance. These approaches and resources should be adopted, developed and built upon so that they are aligned to the needs of children and parents/carers.

Attendance cannot be considered in isolation. The many interrelated and overlapping causes of absence and the varied nature of the learner experience in school, the community and at home mean that whole school strategies and strong multi-agency working arrangements are needed, designed to support all learners. There is a growing understanding that schools also need to support learners in developing a sense of belonging, connectivity and engagement with school, and to build their resilience and ability to cope with the challenges they face.

The guidance should be read in collaboration with the Denbighshire school attendance and safeguarding policy and the many themes and approaches considered and adopted by schools to further improve pupil engagement and attendance. i.e outcomes due to factors in their lives.

Schools and education services must maintain a high level of awareness and vigilance to such circumstances and act by reporting concerns to the named safeguarding staff in their school, service or directly to the statutory children services where the child lives.

How we can support a Child

No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action. Safeguarding and promoting the welfare of children is defined for the purposes of this policy as:

- Providing help and support to meet the needs of children as soon as problems emerge
- Protecting children from maltreatment, whether that is within or outside the home, including online.
- Preventing the impairment of children's mental and physical health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes.

- The Local Authority supported schools by preparing a draft policy for consultation with staff following a Review of Safeguarding and Child Protection within Denbighshire in 2014.

- Consultation was undertaken between Denbighshire County Council, lead representatives from the school cluster groups, unions, legal counsel and independent experts. The consultation exercise involved consultation with the Governing Bodies and specifically with the Governor responsible for child protection and the nominated Child Protection Officer. Views and opinions from this thorough consultation exercise were collated, analysed, considered and an amended draft policy was developed.
- The Final policy was formally shared with the Denbighshire County Council Corporate Safeguarding Board and the Multi Agency Professional Forum [North Wales RSCB CPR Group] on 18 June 2015. The 'Model' Safeguarding Policy was formally provided to all schools on 18 June 2015. This policy was reviewed between January 2016 and June 2016 and formally provided to all schools on 1 September 2016.
- NAME, the school Designated Safeguarding Lead submitted the reviewed and revised **school** policy to the Governing Body on December 2024 where it was approved and recorded within the minutes of the meeting.

3. Introduction

3.1 What is Safeguarding?

Safeguarding is protecting children from abuse, neglect or other kinds of harm, and educating those around them to recognise the signs and dangers. Safeguarding and promoting the well-being of all children attending a school is defined for the purposes of this policy as:

- protecting children from risk of abuse, neglect or other kinds of harm.
- preventing impairment of children's health or development.
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to achieve the best outcomes

Section 175 of the Education Act 2002. And Section 3 of the Social Services and Well-being (Wales) Act 2014.

The safeguarding of children is of utmost importance at Ysgol y Parc. School should provide a secure and inclusive environment in which children and young people can flourish and grow. In order to achieve this, wide ranging measures have been put into place, by way of policies, as outlined in Section 17.

Safeguarding children and young people who are at risk of abuse and neglect inevitably involves uncertainty, ambiguity and fallibility due to the limited knowledge, predictions about the child's future welfare are imperfect, and there is no definitive way of balancing the conflicting rights of parents and children. However, it is a fundamental principle that the

protection of children from harm is the responsibility of all practitioners working with children as outlined in the Wales Safeguarding Procedures 2019. Parents and the public rightly expect high standards from practitioners to safeguard children but achieving them is challenging for all working in this field.

Denbighshire County Council and the Governing Body of Ysgol y Parc fully recognise the contribution it makes to child protection and safeguarding and moreover the aim is not just to minimise the danger to children but to maximise their health and welfare. The terms 'child protection' and 'safeguarding' mean different things to different people and it is for this reason that the Welsh Government have defined the terms; the definitions may be viewed at **Appendix A**.

The School Safeguarding Leadership Structure is as follows:

Governing Body	-	Strategic Overview
Head Teacher	-	Overall Leadership
Designated Safeguarding Lead	-	Operational Manage & Administration
All Staff	-	Legal duty to record and report child protection and safeguarding concerns

3.2 Reporting and Recording

There are three main elements specifically with regard to the safeguarding of children:

- Prevention through the teaching and pastoral support offered to pupils
- Procedures for identifying and reporting cases, or suspected cases, of abuse. Because of our day to day contact with children, school staff are well placed to observe the outwards signs of abuse
- Support to pupils who may have been abused.

This policy applies to all governors, staff and volunteers working in the school. Teachers, supply staff, teaching assistants, mid-day supervisors, caretakers, secretaries, and office staff all of whom can be the first point of disclosure for a child.

As well as applying to the list of people set out above, it imposes personal obligations upon them.

Reporting

All staff MUST record and report any child protection problems, concerns or suspicions to the Designated Safeguarding Lead with minimal delay and on the day of the concern together with a referral or contact with Children and Family Gateway Service (see Appendix J).

This is not a matter of individual choice but a duty on individual practitioners to report concerns as outlined in the Wales Safeguarding Procedures 2019.

Recording

All concerns discussions and decisions made and the reasons for those decisions should be recorded in writing and stored correctly in the school systems. This will help if future complaints are made about how the case was handled and any further legal process or enquiry that make be taken in a case.

Records **should** include:

- a clear and comprehensive summary of the concern
- details of how the concern was followed up and resolved, and
- a note of any action taken, decisions reached and the outcome.

If in doubt about recording requirements, staff should discuss with the designated safeguarding lead (or headteacher).

PREVENT Duty

The Prevent Duty – What to do If you have a concern about a person?

Due regard – means that school should place an appropriate amount of weight on the need to prevent people being drawn into terrorism.

Radicalisation and extremism are defined as the process by which a person comes to support terrorism and forms of extremism leading to terrorism (HM Government Prevent Strategy)

If a member of staff has a concern about a particular person or family your normal school safeguarding procedures should be followed, including discussing the Prevent concern with your designated safeguarding lead in school, and making a referral through to your local authority children's or adult's social care referral teams.

Contact with your North Wales Police Prevent Officer is also advised who can talk to you in confidence about any concerns and help you gain access to support and advice.

- Know when and how to refer any concerns about child abuse and neglect to Children's Services or the Police.
- Know that a child, parent, caregiver, relative or member of the public who expresses concerns about a child's welfare to a professional and / or agency employee **must** never be asked to make a self-referral to Children's Services or the Police. The professional and/or agency employee must make the referral.
- Know that if any person has knowledge, concerns or suspicions that a child is suffering, has suffered or is likely to be at risk of harm, it is their legal duty to ensure that the concerns are referred to Children's Services or the Police, who have statutory duties and powers to cause enquiries and intervene where necessary.

In addition to their duty and responsibility to make referrals, there are other ways in which everyone who works with children and families can contribute to the safeguarding of children and the child protection process:

- Treat the child's welfare as paramount
- Be alert and aware of the risks which individual abusers or potential abusers may pose to children
- Recognise when a parent or caregiver has compromised parenting capacity, that is, problems which may affect their capacity to provide effective and appropriate care, or which may mean they pose a risk of harm to a child
- Be aware of the impact and effects of abuse and neglect on children
- Be aware children can be open to both criminal and sexual exploitation through county lines, individuals, and gangs

- Work co-operatively with the parents, unless this is inconsistent with the need to ensure the child's safety
- Be committed to fully co-operating with all other agencies in the interests of safeguarding children.

The partner agencies listed in the Children Act 2004 share statutory responsibility for safeguarding and promoting the welfare of children and there is a legal duty placed on all professionals working for those agencies to report concerns.

This is not a matter for individual choice.

The suspected abuse of a child must be reported to Children's Services or the Police, who are the agencies with statutory powers to investigate suspected abuse. Agencies must not undertake their own internal child protection investigation, but refer their concerns. If the concern involves a member of staff, please see Section 10 of this policy.

6. Children Services

Children Services Support Gateway provides early help through information, advice and assistance for children, carers and their families in Denbighshire. The Support Gateway is the single point of access for members of the public or professionals to contact if they have any concerns about children, young people or vulnerable families.

All Child Protection referrals will be reviewed and processed within one working day. You are advised should your concerns relate to a child or young person that is at immediate risk of harm to report your concerns to North Wales Police via 101 or 999 depending on the severity of the situation. For all other Child Protection and Safeguarding concerns we advise you to submit your referral electronically and follow this up with a phone call to the Children Services Support Gateway, this will assist them in prioritising child protection referrals that do require immediate attention.

How to Contact Children Services Gateway Team

Information advice & assistance contact no. is **01824 712200**

Enquiries can also be emailed to any of the following:

cfsgateway@denbighshire.gov.uk (normal level security email or can access via Egress Switch Secure Data Exchange)

cfsgateway@denbighshire.gcsx.gov.uk (Secure email – UK Government Connect Secure Extranet)

7. Prevention

Under the Social Service and Wellbeing Act 2014 schools have a duty to identify early the needs of all children/young people with the purpose of prevention and protection.

We recognise that good self-esteem, confidence, supportive friends and good lines of communication with a trusted adult helps to safeguard children. The school will therefore:

- establish and maintain an ethos where children feel secure and are encouraged to talk, and are listened to
- ensure that they know all adults in the school who can be approached if they are worried or in difficulty
- include in the curriculum activities and opportunities for PSE which equip children with the skills they need to stay safe from abuse and to know who to turn to for help

Include in the curriculum material which will help children develop realistic attitudes to the responsibilities of adult life, particularly with regard to child care and parenting skills (as appropriate). There should be a private place where children/young persons can talk to the appropriate adult. Professionals should not go to this private place alone with the child/young person.

The Prevent Duty

Under the Counter Terrorism and Security Act 2015 the school has a statutory duty to have due regard to the need to prevent people from being drawn into terrorism. For schools this means:

- Teaching a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of students and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion
- Providing safe spaces in which students can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas
- Be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues
- Protect students from extremism and the risk of radicalisation in the same way as they protect them from other forms of harm and abuse.

This is one element within our overall school arrangements to safeguard and promote the welfare of all children in line with our statutory duties a copy of our prevent policy is available on the school website and Denbighshire County Council website in the education section.

The Prevent Duty – What to do if you have a concern

If a member of staff has a concern about a particular person or family your normal school safeguarding procedures should be followed, including discussing the Prevent concern with your designated safeguarding lead in school, and making a referral through to your local authority children's or adult's social care referral teams.

You can also contact your North Wales Police Prevent Officer or School Police Liaison Officer who can talk to you in confidence about any concerns and help you gain access to support and advice.

8. Procedures

We will comply with the Wales Safeguarding Procedures 2019 that have been endorsed by the North Wales Safeguarding Board. The Wales Safeguarding Procedures can be downloaded as an App by school staff to access more conveniently.

See link <https://www.safeguarding.wales/>

If a referral is required, then click on the following link.

<https://www.denbighshire.gov.uk/en/health-and-social-care/children-young-people-and-families/report-a-child-at-risk.aspx>

We will consider the safeguarding responsibilities in specific circumstances outlined in the Wales Safeguarding Procedures 2019 (Glossary)

- Child Exploitation CCE Criminal Exploitation, CSE Child Sexual Exploitation
- Child at Risk Describes an individual under the age of 18 years who is experiencing or is at risk of abuse, neglect or other kinds of harm
- Domestic Abuse and Violence
- Female Genital Mutilation
- Trafficking
- VAWDASV Violence against women, domestic abuse and sexual violence

We will also have considered individual procedural guidance on:

- Prevent Guidance – Counter Terrorism and Security Act 2015 (Statutory Duty of schools)
- Safeguarding and Promoting the Welfare of Unaccompanied Asylum-Seeking Children and Young People

All children who are interviewed as part of any safeguarding investigation should be allowed to express their views as to who (if any) will be the appropriate adult in an interview situation.

Advice must be sought from Children's Service Gateway in relation to the appropriate involvement of family or school staff in the attendance of any interview with the child or young person.

Professionals Strategy Meeting - Schools can Arrange

The purpose of a strategy meeting is to share and discuss in detail all the information held by school regarding the nature of your concerns and sharing views and concerns about service support with a family.

Please note

This use of a strategy meeting is not a replacement to making appropriate referrals to children's services on a child.

This process is to address cases where evidence exists where better working together across services could address the concerns raised by school.

The strategy called by school could potentially reduce the amount of time and resources used by contacting individual agencies for advice and support and updates on a pupil, by providing a coherent plan that school, agencies and family can agree upon in the best interests of the child.

9. Support

Under the Social Service and Wellbeing Act 2014 schools have a duty to assess and support the child in terms of both strengths and weaknesses in keeping the child safe.

Children who are abused or witness violence may find it difficult to develop a sense of self-worth and to view the world as benevolent and meaningful. They may feel helplessness, humiliation and some sense of self-blame and be deeply affected.

The school may be the only stable, secure and predictable element in the lives of children at risk. Nevertheless, when at school their behaviour may be challenging and defiant or they may be withdrawn.

The school must support the pupil through a safety plan which is clearly developed and understood by all parties recording decisive actions. This includes:

- The content of the curriculum to encourage self-esteem and self-motivation with liaison and support from the appropriate commissioned services.
- The school ethos will promote a positive, supportive and secure environment and give pupils a sense of belonging and being valued
- The schools behaviour policy is aimed at supporting vulnerable pupils in school. All staff will agree on a consistent approach, which focuses on the behaviour of the child but does not damage the pupil's sense of self-worth.

- The school will endeavour to ensure that the pupil knows that certain forms of behaviour is unacceptable, but s/he is valued and not to be blamed for any abuse that has occurred
- The liaison with other relevant agencies. This could include, but is not limited to Social Services and other support agencies such as Child and Adolescent Mental Health Service, Educational Psychology Service, Behaviour Support Service, Education Welfare Service and Advocacy Service SNAP Cymru
- Keeping records and notifying Children's Services as soon as there is a concern

When a pupil on the Child Protection register leaves the school, the school must transfer the child protection/safeguarding information file to the new school immediately and inform the Headteacher of the new school and the allocated Social Worker in Children's Services. Any safeguarding file on a child must be sent separately to the child school file to ensure confidentiality and mark the safeguarding file for the attention of the Head Teacher of the new school. The Wales Accord on the Sharing of Personal Information (WASPI) link outlines organizational responsibilities in relation to the sharing of sensitive information. www.waspi.org/

10. Children with Special / Additional Needs (ALN)

Statistically, children with behavioural difficulties and disabilities are most vulnerable to abuse. School staff who deal with children with varying disabilities, sensory impairment and/or emotional and behaviour problems will be particularly sensitive to signs of abuse.

School staff need to have a high level of awareness with children who have ALN and promote a culture where children are able to make their wishes and feelings known in respect of their care and treatment and are not disadvantaged from their peers who do not have Additional Learning Needs.

Making sure all children with ALN know how to raise concerns if they are worried or angry about something and giving them access to a range of adults with whom they can communicate. Children with communication difficulties should have available to them at all times a means of being heard.

Children with ALN who are interviewed as part of any safeguarding investigation should be allowed to express their views as to who will be the appropriate adult in an interview situation. Advice must be sought from Children's Service Gateway in relation to the appropriate involvement of family or school staff in the attendance of any interview with the child or young person.

11. Supporting Staff

Staff working in the school, who have become involved with a child who has suffered harm or appears to be likely to suffer harm may find the situation upsetting and/or professionally and morally difficult. Staff will be supported - by providing an opportunity and the time to talk through their anxieties either with their supervisor who may consider further support from

the school the Designated Safeguarding Lead who has access to and knowledge of support available in school and through the local authority.

Section 5 of this policy provides other examples of the support the school will provide.

The professional supervision/support of the Designated Safeguarding Lead is the responsibility of the school head teacher. The Local Authority has implemented a Support Framework guidance document jointly written with head teachers to assist schools in this key area of support to staff involved in safeguarding available on the Hwb SharePoint.

12. Allegations Made Against Members of Staff

The school will follow the Welsh Government Circular No: 009/2014 Safeguarding Children in Education - Handling allegations of abuse against teachers and other staff.

The Head Teacher and Designated Safeguarding Lead will ensure that they are fully aware of the relevant legislation and guidance in relation to procedures required when an allegation is made against a professional and in particular:

- Welsh Government Guidance: Circular No: 009/2014 - Safeguarding Children in Education - Handling allegations of abuse against teachers & other staff
- Welsh Government Guidance: Circular No: 002/2020 - Disciplinary and Dismissal Procedures for School Staff
- Education Workforce Council (EWC) Code of Conduct.

The above guidance may be found on <https://www.gov.wales/>. The Head Teacher and Designated Safeguarding Lead will have their own individual copies of Circulars: 009/2014 and Circular: 002/2020 listed above and will have fully read and understood the guidance.

All staff must ensure that any allegation regarding an adult who is working with children is reported immediately to the Head Teacher or the Designated Safeguarding Lead, this will include all school staff, volunteers, governors, occasional workers or contractors and those staff who are not on the school site but come into contact with children i.e. those who transport children to/from school, school crossing patrols etc.

Allegations against members of staff should be brought immediately to the attention of the Head Teacher (or the Chair of Governors and the Head of Education Services). If the allegation is against the Head Teacher, then the Chair of Governors must be informed who in turn must immediately inform the Head of Education Services. For ease of reference this person will be known as the 'Case Manager'. (If the allegations against a member of staff are reported to the Designated Safeguarding Lead, then the Head Teacher must immediately be informed.)

The Headteacher (or Chair of Governors in the case of a Headteacher) as the Case Manager, has overall responsibility for any safeguarding allegation.

In the first instance the Case Manager should immediately discuss the allegation with the Local Authority Education Safeguarding Officer within Education who will also support the

school with how to adhere to the Welsh Government guidance listed above. The Local Authority Education Safeguarding Officer should be informed of **all** allegations that come to a school's attention and appear to meet the criteria set out above so they can consult with the Local Authority Designated Officer/LADO within Children's Services and the police, as appropriate.

Governing Bodies are responsible for dealing with staff disciplinary matters in all maintained schools and should refer to Welsh Government Guidance: Circular No: 009/2020 - Disciplinary and Dismissal Procedures for School Staff.

<https://gov.wales/disciplinary-and-dismissal-procedures-school-staff>

13. Safer Recruitment

The school will adhere to the Welsh Government Circular: 283/2022 Keeping Learners Safe/Chapter 5. All members of staff, volunteers and governors will be required to hold an up to date Disclosure and Barring Service (DBS) disclosure certificate. The school will maintain a record of all staff DBS disclosure dates and ensure that renewals are timely.

A written log of all daily supply staff, volunteers and contractors will be kept clearly listing where the DBS disclosure is available or a risk assessment will be formulated in lieu of an available DBS disclosure.

The Head Teacher retains responsibility for ensuring that all persons attending the school site are appropriately risk assessed in circumstances where DBS disclosures are unavailable.

The school will also adhere to DCC safer recruitment practice with regard to receiving and checking references of people prior to appointment, person specifications, candidate information packs, job descriptions, interviews, and induction training.

The school will adhere to the Local Authority Recruitment Procedures and the Welsh Government Safer Recruitment Guidance.

14. School Site Security

The school is a safe and secure place for pupils to learn and develop learning and social skills. The physical safety of pupils when on school site is of paramount importance. Access to the school site is strictly monitored and reviewed in line with the Local Authority guidance on the Health and Safety of school premises. This must include regular planned auditing of the school site to ensure there are no areas that require attention.

A safeguarding school site audit must be undertaken annually and discussed and recorded formally through the governing body of the school. The school's Health and Safety Policy is available to review on request from the Head Teacher.

All daily visitors and users of the school site are required to sign in and out of school premises. They will clearly list the company for whom they work and the reason for the visit or use of the school site.

All users of the school premises beyond the school day be checked by the head teacher to ensure their suitability to be on site. The head teacher must do this either by viewing the users DBS disclosure or by carrying out a check with the agency to see or verify a current DBS exists for all the staff.

If neither of the options above are available a risk assessment must be completed. This risk assessment must clearly list the control measures employed by the school to safeguard the children. This will include all activities outside school hours including evening, weekends and holiday periods as agreed by the Head teacher. A daily contractors' list may be used as attached. **Appendix G.**

15. North Wales Safeguarding Board (NWSB)

North Wales Safeguarding Board (NWSB) is a statutory body which co-ordinates, monitors and challenges its partner agencies in safeguarding children in North Wales. The objectives of the NWSB are to PROTECT children in its area who are experiencing or at risk of abuse, neglect or other kinds of harm and PREVENT children who are experiencing or at risk of experiencing abuse, neglect or other kind of harm.

Denbighshire Council is a statutory partner of this Board. Members of the Board are referred to as relevant partners under Part 7 of the Social Services and Well-being (Wales) Act 2014

Schools should be aware of the work of the Safeguarding Board. Each school should be updated through subscribing to the NWSB's website

<https://www.northwalessafeguardingboard.wales/wales-safeguarding-procedures-coming-soon/>

Schools are encouraged to attend events and training by the NWSB. On-line Training is also offered by NWSB.

Schools may need to be involved in the Child Practice Review process. Schools will work closely with Children Services and Education in such circumstances to ensure that requests for information and documentation is responded to timely. School may also need to attend Learning Events during a review process. School staff will receive support and guidance from Education and Children's Services in order to participate fully in these events.

16. Equality and Diversity

The school is committed to ensuring that all children and young people gain maximum benefit from their education regardless of ethnic origin, sex, age, sexual orientation, disability, religious belief or non-belief, use of BSL or other languages, nationality, responsibility for dependents or any other reason which cannot be shown to be justified.

In order to make sensitive and well-informed professional judgments about a child's needs and a parent's capacity to respond to their child's needs, it is important that school staff will be sensitive to differing family patterns, lifestyles and to a child's patterns that vary across different racial, ethnic and cultural groups.

17. Confidentiality & Information Sharing

The school recognises that all matters relating to child protection and safeguarding are confidential, however there is a balance between child protection and the right to privacy, as outlined below.

The Head Teacher and/or the Child Protection Officer will disclose any information about a pupil to other members of staff on a need-to-know basis only. There is a professional responsibility to share information with other agencies in order to safeguard children.

Staff will understand that they cannot promise a child to keep secrets, which might compromise the child's safety or wellbeing.

In order to make soundly based decisions there is a need to understand the general principles of sharing information identifiable to a child and/or young persons or their parents/carers. The safety and welfare of a child or young person must be the first consideration when making decisions about sharing information about them.

There must be a legal basis for sharing information and a legitimate purpose for doing so. When dealing with confidential information we will need to be satisfied that there is either:

- a statutory obligation to disclose
- expressed or implied consent from the persons involved or
- an overriding public interest in disclosing information

The Data Protection Act is not a barrier to sharing information but provides a framework to ensure that personal information about living persons is shared appropriately.

Until the development of inter-agency information-sharing protocols all staff will seek advice from the Child Protection Officer and/or the Head Teacher with regard to the sharing of any information.

The Head Teacher and Child Protection Officer will be fully aware of the guidance surrounding the Data Protection Act and the guidance surrounding the sharing of information:

- Wales Accord on the Sharing of Public Information (WASPI) framework www.waspi.org/

For ease of reference the Seven Golden Rules for Information Sharing may be viewed at **Appendix H**.

18. Related Policies (All policies must be followed alongside this policy)

It is a term of this policy that these documents are read and complied with.

It is also a term of this policy that risk assessments are documented and securely stored in relation to any activities or persons as required in the following policies.

Any new staff must comply with the same at the very earliest opportunity.

Appendix A - Definitions of Safeguarding

Definition of Safeguarding

Safeguarding and Protecting is everybody's responsibility

(Wales Safeguarding Procedures 2019)

Safeguarding is protecting children from abuse, neglect or other kinds of harm, and educating those around them to recognise the signs and dangers. Safeguarding and promoting the well-being of all children attending a school is defined for the purposes of this policy as:

- protecting children from risk of abuse, neglect or other kinds of harm;
- preventing impairment of children's health or development;
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to achieve the best outcomes

Section 175 of the Education Act 2002 and Section 3 of the Social Services and Well-being (Wales) Act 2014

Definition of Child Protection

Child protection is a part of safeguarding and promoting welfare. This refers to the activity, which is undertaken to protect specific children who are suffering or are at risk of suffering significant harm as a result of abuse or neglect.

Appendix B – Categories of Risk of Harm

Categories

The category, or combination of categories, used in registration will indicate to those consulting the register the primary presenting concerns at the time of registration

(Wales Safeguarding Procedures 2019)

A child is abused or neglected when somebody inflicts harm, or fails to act to prevent harm. Children may be abused in a family or in an institution or community setting, by those known to them or more rarely by a stranger. A child or young person **up to the age of 18 years** can suffer abuse or neglect and require protection via an inter-agency child protection plan.

Physical Abuse

May involve hitting, slapping, over or misuse of medication, undue restraint, or inappropriate sanctions,

Emotional and Psychological Abuse

Threats of harm or abandonment, coercive control, humiliation, verbal or racial abuse, isolation or withdrawal from services or supportive networks, witnessing abuse of others

Sexual Abuse

Forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening, including: physical contact, including penetrative or non – penetrative acts: non -contact activities such as involving children looking at. or in the production of , pornographic material or watching sexual activities or encouraging children to behave in sexually inappropriate ways,

Financial

This category will be less prevalent for a child but indicators could be

- Not meeting their needs for care and support which are provided through direct payments or:
- Complaints personal property is missing.

Neglect

Failure to meet basic physical, emotional, or psychological needs which is likely to result in impairment of health or development.

Appendix C - Indicators of Harm

Indicators of Harm

1. Physical Abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Indicators in the Child

Bruising - It is often possible to differentiate between accidental and inflicted bruises. The following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Bruising in or around the mouth
- Two simultaneous bruised eyes, without bruising to the forehead (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally, for example the back, mouth, cheek, ear, stomach, chest, under the arm, neck, genital and rectal areas
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used, e.g. belt marks, hand prints or a hair brush
- Linear bruising at any site, particularly on the buttocks, back or face
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks to the upper arms, forearms or leg
- Petechial haemorrhages (pinpoint blood spots under the skin), commonly associated with slapping, smothering/suffocation, strangling and squeezing

Fractures - Fractures may cause pain, swelling and discolouration over a bone or joint. It is unlikely that a child will have had a fracture without the carers being aware of the child's distress. If the child is not using a limb, has pain on movement and/or swelling of the limb, there may be a fracture. There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement

Rib fractures are only caused in major trauma such as in a road traffic accident, a severe shaking injury or a direct injury such as a kick.

Skull fractures are uncommon in ordinary falls, i.e. from three feet or less. The injury is usually witnessed, the child will cry, and if there is a fracture, there is likely to be swelling on the skull developing over 2 to 3 hours. All fractures of the skull should be taken seriously.

Mouth Injuries - Tears to the frenulum (tissue attaching upper lip to gum) often indicates force-feeding of a baby or a child with a disability. There is often finger bruising to the cheeks and around the mouth. Rarely, there may also be grazing on the palate.

Poisoning - Ingestion of tablets or domestic poisoning in children under 5 is usually due to the carelessness of a parent or carer, but it may be self-harm even in young children.

Fabricated or Induced Illness - Professionals may be concerned at the possibility of a child suffering significant harm as a result of having illness fabricated or induced by their carer. Possible concerns are:

- Discrepancies between reported and observed medical conditions, such as the incidence of fits
- Attendance at various hospitals, in different geographical areas
- Development of feeding/eating disorders, as a result of unpleasant feeding interactions
- The child developing abnormal attitudes to their own health
- Non-organic failure to thrive - a child does not put on weight and grow and there is no underlying medical cause
- Speech, language or motor developmental delays
- Dislike of close physical contact
- Attachment disorders
- Low self-esteem
- Poor quality or no relationships with peers because social interactions are restricted
- Poor attendance at school and under-achievement

Bite Marks - Bite marks can leave clear impressions of the teeth when seen shortly after the injury has been inflicted. The shape then becomes a more defused ring bruise or oval or crescent shaped. Those over 3cm in diameter are more likely to have been caused by an adult or older child. A medical/dental opinion, preferably within the first 24 hours, should be sought where there is any doubt over the origin of the bite.

Burns and Scalds - It can be difficult to distinguish between accidental and non-accidental burns and scalds. Scalds are the most common intentional burn injury recorded. Any burn with a clear outline may be suspicious, e.g. circular burns from cigarettes, linear burns from hot metal rods or electrical fire elements, burns of uniform depth over a large area, scalds that have a line indicating immersion or poured liquid. Old scars indicating previous burns/scalds, which did not have appropriate treatment or adequate explanation. Scalds to the buttocks of a child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

The following points are also worth remembering:

- A responsible adult checks the temperature of the bath before the child gets in.
- A child is unlikely to sit down voluntarily in a hot bath and cannot accidentally scald its bottom without also scalding his or her feet.
- A child getting into too hot water of his or her own accord will struggle to get out and there will be splash marks

Scars - A large number of scars or scars of different sizes or ages, or on different parts of the body, or unusually shaped, may suggest abuse.

Emotional/behavioural presentation

- Refusal to discuss injuries
- Admission of punishment which appears excessive
- Fear of parents being contacted and fear of returning home
- Withdrawal from physical contact
- Arms and legs kept covered in hot weather
- Fear of medical help
- Aggression towards others
- Frequently absent from school
- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury

Indicators in the Parent

- May have injuries themselves that suggest domestic violence
- Not seeking medical help/unexplained delay in seeking treatment
- Reluctant to give information or mention previous injuries
- Absent without good reason when their child is presented for treatment
- Disinterested or undisturbed by accident or injury
- Aggressive towards child or others
- Unauthorised attempts to administer medication
- Tries to draw the child into their own illness
- Past history of childhood abuse, self-harm, false allegations of physical or sexual assault
- Parent/carers may be over-involved in participating in medical tests, taking temperatures and measuring bodily fluids
- Observed to be intensely involved with their children, never taking a much-needed break, nor allowing anyone else to undertake their child's care
- May appear unusually concerned about the results of investigations which may indicate physical illness in the child
- Wider parenting difficulties may (or may not) be associated with this form of abuse
- Parent/carers has convictions for violent crimes

Indicators in the family/environment

- Marginalised or isolated by the community
- History of mental health, alcohol or drug misuse or domestic violence
- History of unexplained death, illness or multiple surgery in parents and/or siblings
- Past history of childhood abuse, self-harm, false allegations of physical or sexual assault or a culture of physical chastisement

2. Emotional Abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.

It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

3. Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers); or

4. Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

Activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.

They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).

Appendix D - When a Child Discloses About Another Child

Wales Safeguarding Procedures 2019

What to do if a Child tells you that they or another young person is being abused?

- Show the child that you have heard what they are saying, and that you take their allegations seriously
- Encourage the child to talk, but do not prompt or ask leading questions. Don't interrupt when the child is recalling significant events. Don't make the child repeat their account
- Explain what actions you must take, in a way that is appropriate to the age and understanding of the child
- Do not promise to keep what you have been told secret or confidential, as you have a responsibility to disclose information to those who need to know. Reporting concerns is not a betrayal of trust
- Write down as soon as you can and no later than 24 hours what you have been told, using exact words, if possible
- Record and Report your concerns to the Designated Safeguarding Lead. Do not delay
- Ask the Designated Safeguarding Lead what action they intend to take and record the response. If you are not satisfied with the action taken, consult with Social Services
- Do not worry that you may be mistaken. You will always be taken seriously by social services. It is better to have discussed it with somebody with the experience and responsibility to make an assessment
- Do not confront the alleged abuser (may be a young person themselves)
- Make a written note (See separate sheet) including what you did and the response that you received e. g. from the Designated Safeguarding Lead and record any follow up considerations, decisions and actions that you may take
- Review any action taken - **RECORD, REPORT AND REVIEW**

Factual observations to include child's comments verbatim:

Child's Comments

What did they actually say, quote their words, do not put asterisk instead of swear words or difficult words. Use actual words if you can remember or state that they were similar words used and that you are being approximate

Situation and Task

Where was the incident, what was the child supposed to be doing, was this usual task/situation for the child to be in, was this something that the child would not have experienced before. Were clear instructions given?

Others present

How many other children were present, were any involved, what was their contribution to the incident?

Environmental Factors

Was there anything about the child's physical surroundings that affected their behaviour?

Other adults present

Do you need to cross-reference your account of the incident with anyone else's?

Adult's Comments

What words were actually spoken to the child at the end of the incident/event?

Written Record

Record the Time, Day and Place of the incident, any disclosure and the time that the notes were made. Recordings must be:

Timely	As soon as possible and within the same working day and if a child protection concern or referral as soon as practicably possible.
Factual	Do not record your opinion - imagine that you are a video camera watching the incident and write a narrative that is descriptive but not over complicated.

Event/Incident Conclusion

How did the matter end, what was the child's behaviour like at the end of and after the incident? Describe your follow up actions e.g. informed the Designated Safeguarding Lead and provide this person with my notes of the incident. Where appropriate, provide a rationale for your decision.

Note: Not all items above will be relevant for all recordings, just be mindful of the headings and record information that is available, do not feel compelled to 'tick every box'

Appendix E - Steps to Take Where a Child is to be Spoken With to Ascertain Whether a Child Protection Concern Exists

Subject to any expressions of opinion by the Welsh Government in revised guidance, Designated Safeguarding Lead are advised to take the following steps where a child is to be spoken to in order to ascertain whether a child protection concern exists:

- The child should be offered the opportunity to have support from an adult of their choice at the meeting ("The Accompanying Adult" or "AA"), whether it is a member of school staff or a parent or other relative.
- The child's wish should normally be respected if it is practicable to comply with it (or unless the adult named is involved in some way in the concern being investigated). If it is not feasible to have that adult present, the child should be invited to nominate another adult. If the child does not feel able to make a choice, the Designated Safeguarding Lead should suggest someone appropriate.
- As stated above, the AA should be told of the purpose of the meeting in advance and be given a chance to discuss matters with the pupil. Appendix H - Information Sharing

7 Golden Rules for Information Sharing

1. Remember that the Data Protection Act is not a barrier to sharing information but provides a framework to ensure that personal information about living persons is shared appropriately.
2. Be open and honest with the person (and/or their family, where appropriate) from the outset about why, what, how and with whom information will or could be shared, and seek their agreement unless it is unsafe or inappropriate to do so.
3. Seek advice if you are in any doubt, without disclosing the identity of the person where possible.
4. Share with consent where appropriate and where possible respect the wishes of those who do not consent to share confidential information. You may still share the information without consent if in your judgement that lack of consent can be overridden in the public interest. You will need to base your judgement on the facts of the case.
5. Consider safety and well-being: Base your information-sharing decisions on considerations of the safety and well-being of the person and others who may be affected by their actions.
6. Necessary, proportionate, relevant, accurate, timely and secure: Ensure that information you share is necessary for the purpose for which you are sharing it, is shared only with those people who need to have it, is accurate and up to date, is shared in a timely fashion and is shared securely.
7. Keep a record of your decision and the reasons for it – whether it is to share information or not. If you decide to share then record what you have shared, with whom and for what purpose.

1. Introduction

The purpose of this strategy is to provide the framework for safeguarding training, support and advice services for schools and education services in Denbighshire. This is determined by the legal framework and statutory guidance, the North Wales Safeguarding Board business plan objectives and in accordance with the terms of reference of the NWSB.

The Safeguarding Children, and Safer Recruitment practice states that the Local Authority has a duty to provide support which ensures that schools are aware of their responsibilities for safeguarding children, monitor their performance, make available appropriate training, model policies and procedures, provide advice and support, and facilitate links and cooperation with other agencies statutory and non- statutory services.

In Denbighshire this support is provided by the Education Safeguarding Officer employed by Education with a primary focus to keep children safe by contributing to:

- Creating and maintaining a safe learning environment for children and young people
- Identifying where there are child welfare concerns and taking action to address them, where appropriate, in partnership with other agencies, and
- The development of children's understanding, awareness and resilience through the curriculum.

2. National Context and Guidance

Training

The Education Act 2002 section 175 for maintained school's states

"Local Education Authorities and the governing bodies of maintained schools and FE colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children"

Keeping Learners Safe 283/2022: exercise its powers under section 175 of the Education Act 2002.

"Everyone in the education service shares an objective to help keep children and young people safe by contributing to:

Providing a safe environment for children and young people to learn in education settings,
and

Identifying children and young people who are suffering or likely to suffer significant harm taking appropriate action with the aim of making sure they are kept safe both at home and in an education setting"

To equip staff to fulfil the above requirements the guidance sets out the training expectations on school staff. All staff who work with children in schools and governors of schools, should

undertake training on safeguarding children that will enable them to fulfil their responsibilities in respect of safeguarding children effectively and that suitable refresher training to keep staff knowledge and skills up to date is also available. These staff should receive refresher training every year.

This Safeguarding training must go beyond staff attendance at training sessions arranged by schools in the future to a position which enables education and schools in Denbighshire to assess their staff through comprehensive training programmes that offer evaluation of staff understanding. This training will ensure both education and schools meet their duties to safeguard and promote the welfare of children. (Section 175) of the Education Act 2002

Schools also contribute through the curriculum by developing children's understanding and awareness and resilience. Estyn inspect against the extent to which schools fulfil their safeguarding responsibilities. In schools how effectively the safeguarding of learners is promoted, is a limiting grade on overall effectiveness. Creating a safe learning environment means having effective arrangements in place to address a range of issues.

These include the care and safeguarding arrangements, pupil health and safety, bullying, school security, tackling drugs and substance misuse and having in place the opportunity for children to discuss their concerns with well trained staff who understand the safeguarding agenda.

Advice and Support

Keeping Learners Safe 283/2022 Keeping Learners Safe Welsh Government guidance current circular states that the Local Authority should ensure provision of:

- Model policies and Procedures
- Advice and support on safeguarding
- Facilitate links and co-operation between agencies
- Advice and support for designated staff dealing with individual cases
- Staff who can act by making "professional judgements" to resolve any difficulties
- Support for those with designated lead for "safeguarding" and to encourage and foster a good understanding and working relationship between them, children services social workers, and staff in other **agencies involved in safeguarding children to develop effective partnership working**

Evaluation and Effectiveness

Keeping Learners Safe 283/2022 states: -

"The local authority should monitor the compliance of maintained schools with this guidance, in particular in regard to the existence and operation of appropriate policies and procedures and the training of staff, including the senior person with designated responsibility for safeguarding. Bring any deficiencies to the attention of the governing body of the school and advise the action needed to remedy them "

“Work to ensure that organisations working or in contact with children, operate recruitment and human resources practices that take account of the need to safeguard and promote the welfare of children “

Advice and Support to Schools - Inspections by Estyn

- We will ensure where Estyn make recommendations regarding safeguarding improvements or areas requiring attention as part of the post inspection action plan of the school the education authority will assist school with, and plans put in place to monitor change that satisfies the authority, Estyn, and diocese where applicable. This will include ongoing support to those schools in special measures or post - inspection action plans to address the issues highlighted in the school inspection report.

Evaluation and Effectiveness

- The safeguarding audit will be reviewed to reflect any changes in guidance, together with any review of safeguarding by external consultants commissioned by education and annual report to the North Wales Regional Safeguarding Children Board.
- Information from the audit will be fed into the section 28 audit provided to the NWRSCB in respect of all agencies who work with children in Denbighshire on their effectiveness in safeguarding children.
- Effectiveness of training provision – evaluation forms are completed at the end of each training delivery and the information will continue to be reviewed on an annual basis in addition to any immediate response that can be implemented.
- This provides useful information for the continual review of the training strategy and any changes to the training plan.
- The feedback from the evaluation forms will be included in the annual report to the North Wales Regional Safeguarding Children Board.
